Report of Student Exchange Programme

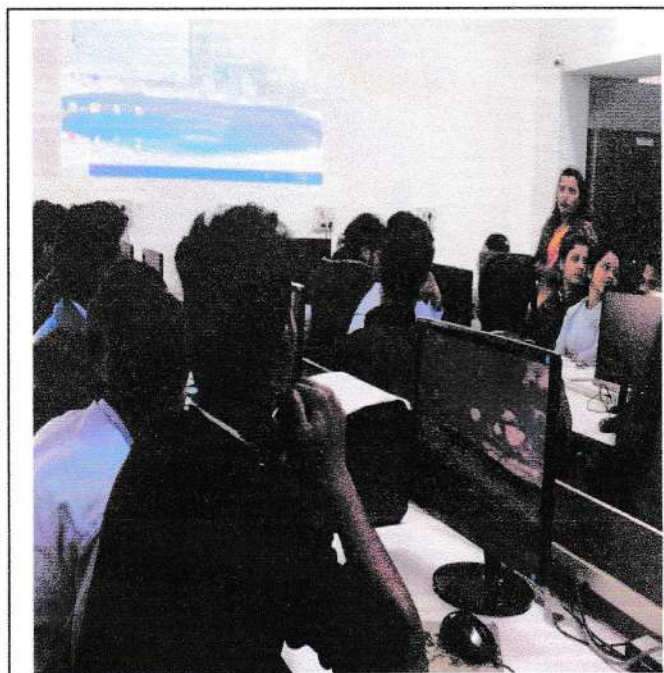

The student exchange programs provide participants with the opportunity to learn different thought or ideas on the syllabus from various faculty members. Students will get exposure to a culturally varied and diverse faculty make-up, with an opportunity to exchange ideas and observe a variety of styles. The student exchange program is one way to take advantage of the benefits of diverse faculty. Ultimate goal of educational institutions is to develop a vibrant and diverse student culture. This process, however cannot take place overnight. The need for rich variety of ideas, cultures, thoughts, and styles, however, is immediate. In order to facilitate the process, Annasaheb Gundewar College, Nagpur, Santaji College, Nagpur and Rajkumar Kewalramani College, Nagpur developed plans for a student's exchange programs. The main objective of the plant was to provide an opportunity to learn concepts and ideas presented in an entirely new and different manner. The student exchange programs present a unique opportunity for interaction between institutions. They will create a greater bond among the concerned institutions. By adopting this perception, three colleges organized Students Exchange Programme in their respective colleges.

Under the student exchange program, Students of Annasaheb Gundewar College, Santaji College and Rajkumar Kewalramani College exchange their students for the One week Teaching-Learning process from 10.08.2020 to 15.02.2020. The Students of B.A., B.B.A., B.C.C.A. and B.Com. took part in the Student Exchange Programme. The details of the programme is as follows:
